ABOUT

Kalderon is a glassware company that has been creating unique handmade tableware since 1995.

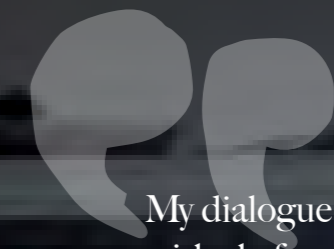

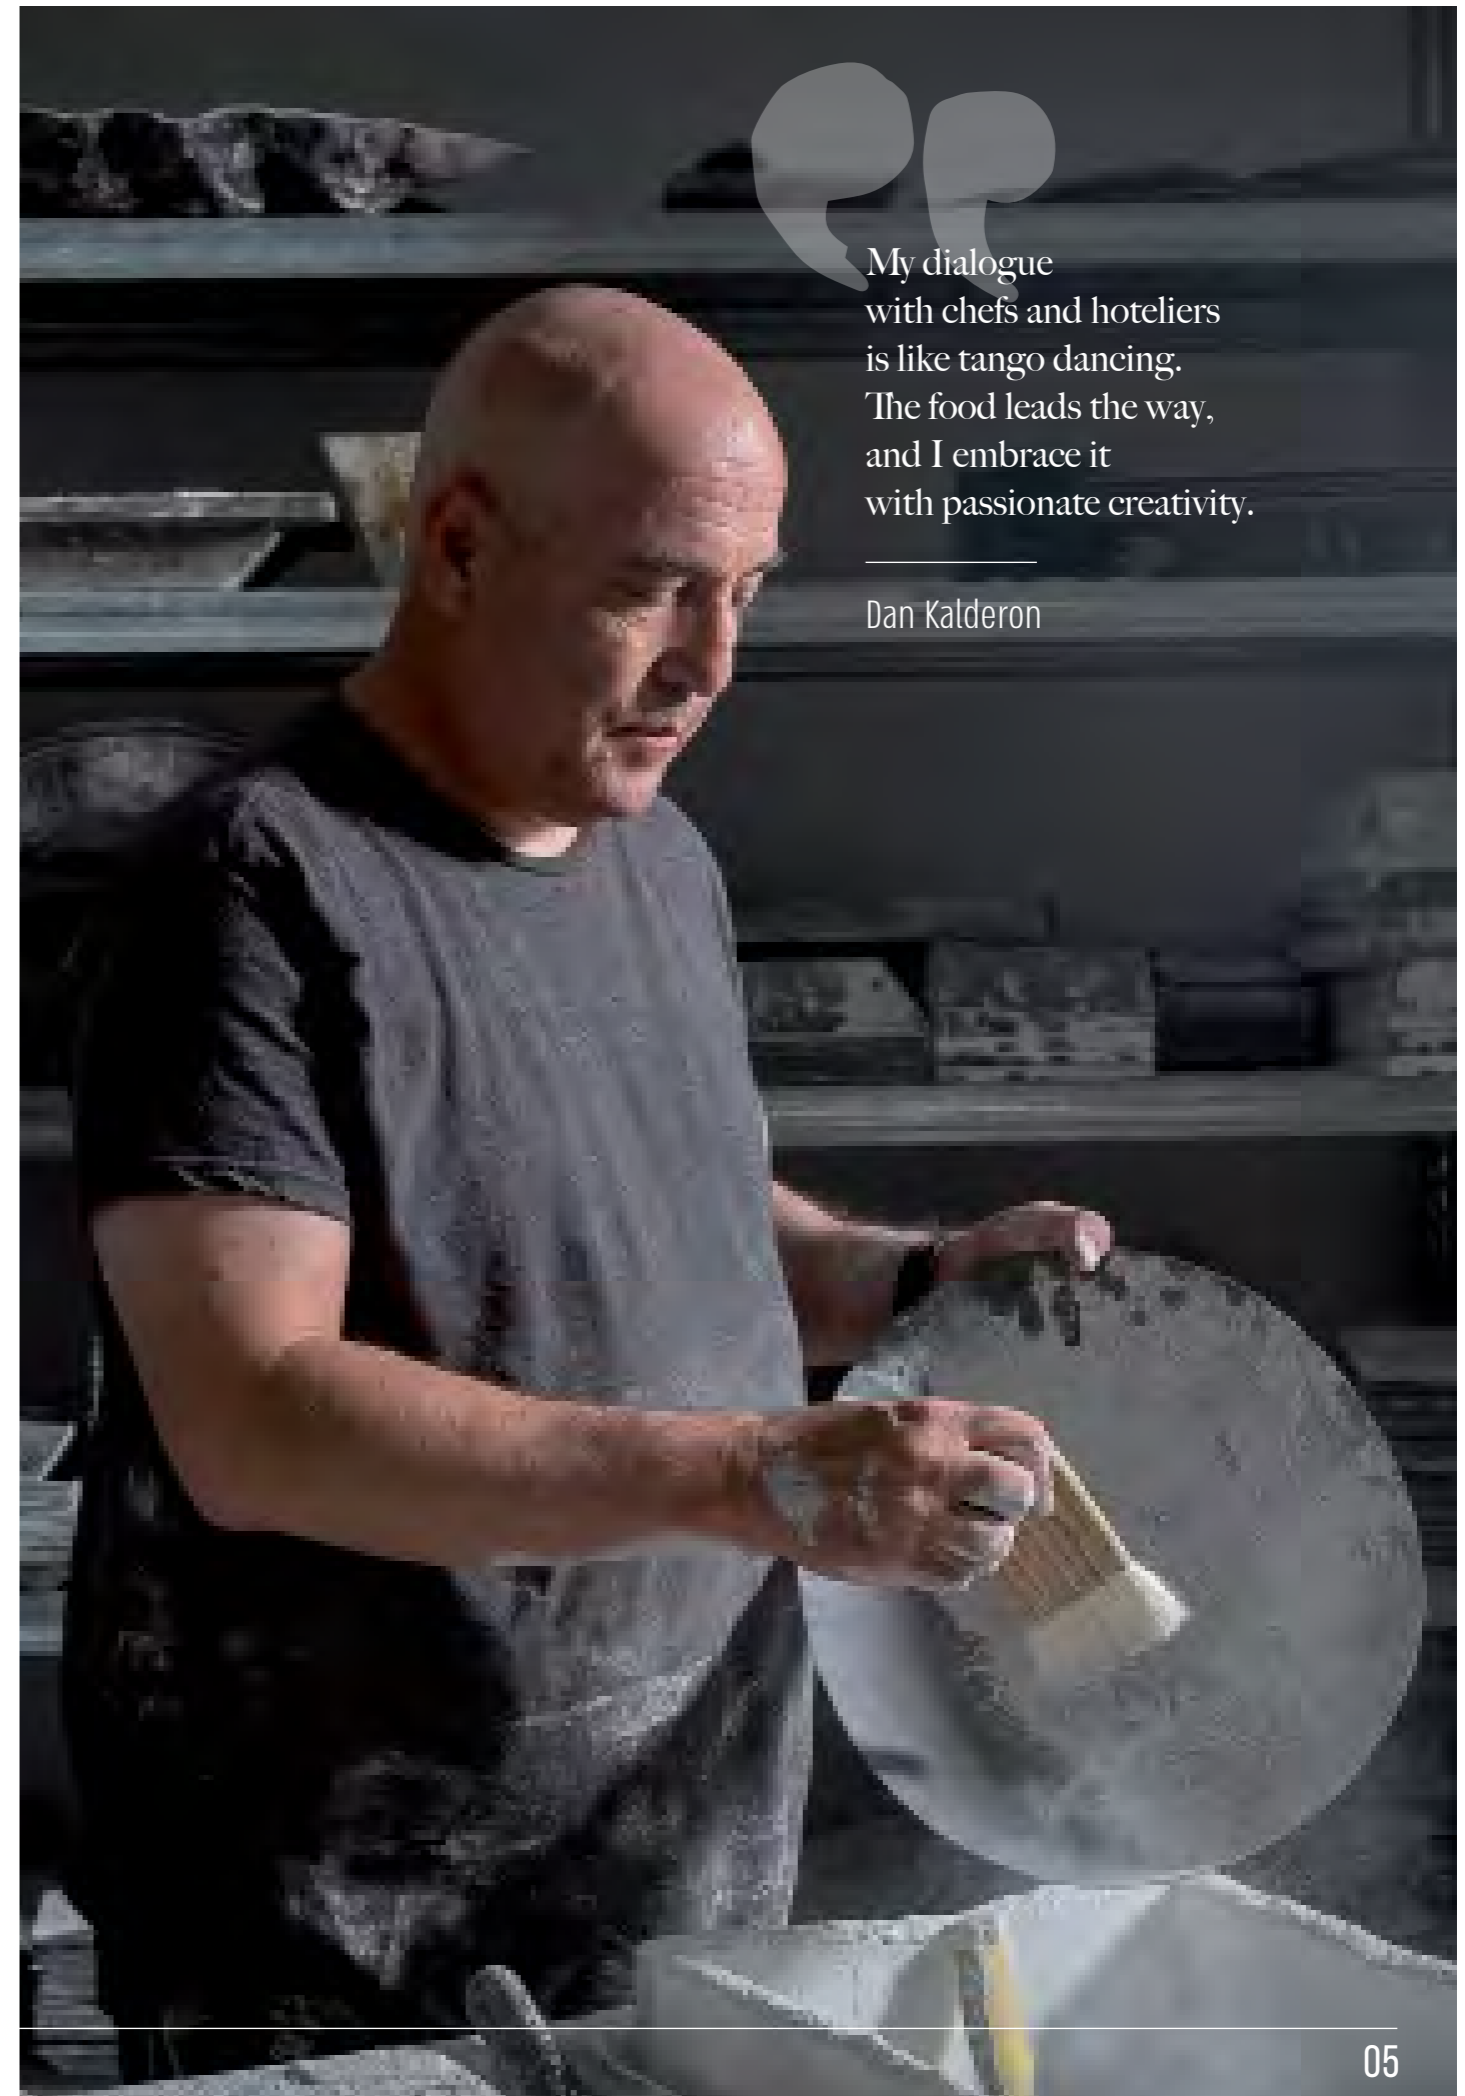

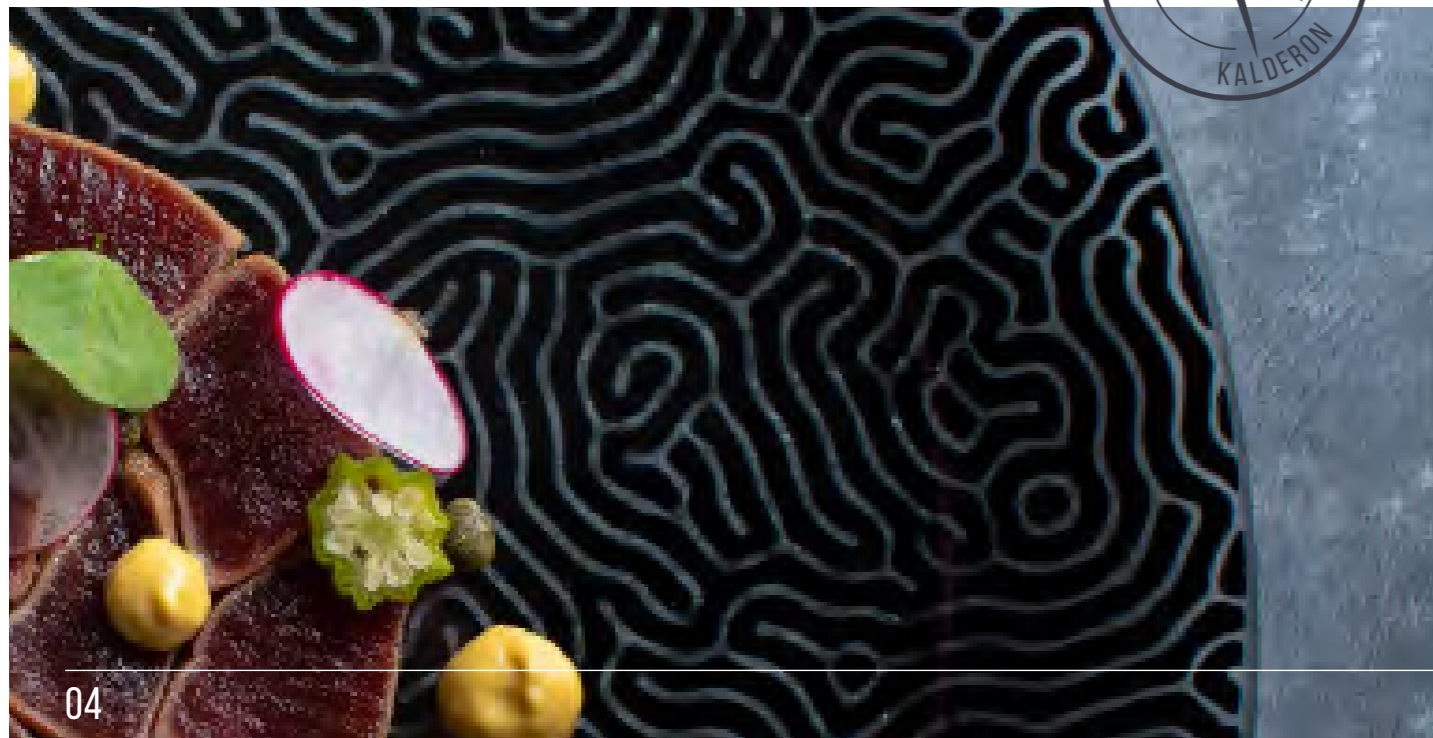

Dan Kalderon, the artist behind Kalderon's avant-garde designs, began his career as an award-winning, second generation, ceramics artist, before he has fallen in love with glass.

His passion and devotion to the challenging, yet exciting material, is evident in the glassware art he has been creating since.

Over the years, the Company, led by Dan and Michal Kalderon, positioned itself as a reference point for anyone seeking to obtain the perfect tabletop presentation, bestowing infinite creativity and striking appearance.

Kalderon's luxuriant product offering and remarkable customization capabilities are matched by high quality service and logistics support, that ensure an end-to-end outstanding experience.

Today, handcrafted dinnerware and buffetware by Kalderon are acquired by Michelin-star chefs and restaurants, luxury hotels and other high-end establishments in the global hospitality industry.

My dialogue with chefs and hoteliers is like tango dancing. The food leads the way, and I embrace it with passionate creativity.
